RE: Letter of Appreciation

On April 28, 1997 you responded to an employee vehicle burglary off SACH campus on "F" street. A partial description of three male Hispanics was given out over the radio.

The three subjects were gone on your arrival, but through your attentiveness to duty, you saw the three subjects and made contact with one of them. The other two subjects left and entered a nearby residence.

You persuaded this subject to have his friends return from the residence, and without incident detained them for the Upland Police.

Subsequently the three subjects were arrested for the burglary and property was retrieved and will be given back to the owner.

You are to be commended for your actions and professionalism that the Security Department strives to exhibit here at SACH. The Security Department is proud and appreciate officers like you taking the professional approach to an incident such as this.
