

San Antonio Community Hospital

Alex Paredes
Chang Moo Kwan Black Belt Center

Dear Alex:

I would like to thank you and your fellow instructors for the Rape Prevention/Sexual Assault class presentation given to our employees and their families at the San Antonio Community Hospital.

We have received numerous calls from employees thanking the Security Department for the presentation. This was a first for our Security Department and has made our department stand out among other departments. The employees who attended the class talked highly of the presentation to fellow employees who failed to attend and have expressed the desire to have this type of training to be ongoing throughout each year.

Again thank you for your efforts in making our Self Defense/Rape Prevention class an enlightening experience for our employees.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan McCarthy", written over a white background.

Dan McCarthy
Director of Security
